Jeremy Doublehead Wins 1st Place State “BPA Outstanding Breaking Traditions Student For Business & Computer for 2008”

Jeremy Doublehead, Tahlequah, was named the 1st Place State Business & Computer winner, Business Professionals of America (BPA,) “ Outstanding Breaking Traditions Student for 2008.” He is a Business & Computer student on Indian Capital Technology Center’s Tahlequah Campus. The Breaking Traditions Awards is sponsored by the Oklahoma Department of Career and Technology Education and spotlights students who have chosen specific career and technology programs because of their interests and abilities and who have not let their gender influence their decisions to prepare for nontraditional careers.

“I believe that stereotyping people can stifle individual expression and creativity, as well as hinder personal and professional growth,” says Doublehead. “There are many things I have learned from BPA, but the primary thing I’ve gotten from it was confidence in myself, and the belief that I am a special person who has a lot to offer the world. We are all unique and each possesses qualities that can really make a difference.”
