

ICTC **Bright Spot** on the Oklahoma horizon

Indian Capital Technology Center

Muskogee Sallisaw Stilwell Tahlequah

Jody Keith (left), EAST instructor and Shelbie Lane (right), a student in the EAST Program at Indian Capital Technology Center, presented a community project that was held on the Sallisaw Campus. Shelbie presented the 10' X 10' display she created that included a poster she designed to help the Sallisaw Police Department advertise their Crystal Darkness Community Watch Party held January 13th at Indian Capital Technology Center and Sallisaw High School. The Police Department took her design and had posters printed. The posters were displayed all around Sallisaw.

Crystal Darkness, a 30-minute documentary on tackling methamphetamine abuse in the state was shown at 6:30 p.m. Jan. 13 on every Oklahoma television station. This is part of the state's campaign, Crystal Darkness Oklahoma, launched in October by First Lady Kim Henry and former Oklahoma County District Attorney Wes Lane.

Everyone in the Sallisaw community was encouraged to watch the documentary. After showing the documentary, Phase Two of the campaign will include help for targeted communities in the state. These communities will receive seed money to start anti-meth campaigns of their own.
