

Carson Foundation Presents Proposal to ICTC Board of Education

Jim Carson (back row center) announced a proposal between the Tom J. and Edna M. Carson Foundation and Indian Capital Technology Center for the collaborative effort to remodel various parts of Building C on the Muskogee Campus, during the special ICTC Board meeting held on March 11, 2010. Each party would contribute up to \$100,000 towards this remodel project. The results of such remodel would be in the naming of the current Room 500 to be named the “Curtis Brackeen Seminar Center”. This proposal would need to be approved by both parties and with Indian Capital Technology Center to follow through with the remodel to its completion. Curtis Brackeen (front center) was overwhelmed and surprised by the announcement. Budo Perry, Board President (back row left) and Tom Stiles, ICTC Superintendent, were present when the announcement was made.
