

## **Robert Cantu ICTC Student of the Month Sallisaw Campus**

Curtis Shumaker, Director of Indian Capital Technology Center’s Sallisaw Campus, announces that the ICTC May Student of the Month is Robert Cantu.

Cantu is an adult student who began the Residential Heating, Ventilation, and Air Conditioning (HVAC) Technician career major his senior year while attending Vian High School.

KC. Eubanks, the HVAC instructor, commended Robert’s work ethic. “Robert is an excellent student with excellent attendance and work habits. He’s very responsible and will make an excellent employee,” stated Eubanks.

Cantu enjoys learning about how the HVAC/R cycle works as well as troubleshooting. “When I was seven, my dad let me help him in the HVAC/R industry and I’ve loved it ever since,” says Cantu.” I’m glad my parents pushed me to pursue my career, but I wouldn’t be here without the great help of my instructor, Mr. Eubanks.”

Cantu enjoys writing music and poetry. He says his plan for the future is “to work hard, buy a house, raise a family, and one day own my own business.”
