

Muskogee Campus ‘Dinner With The Teacher’

Both nights of ‘Dinner with the Teacher’ were packed with people enjoying a dinner provided by the Culinary Arts program. This informal meeting with next year’s students, parents and their teachers has proven to be very successful. There were two nights of ‘Dinner with the Teacher’ and because there were so many people; the Conference Center and the Seminar Center were both used to seat everyone in attendance.

The planning and coordination of this event is a huge team effort that involved every member of our faculty and staff. Student Services sent out the invitations, the faculty made phone calls to our new students and everyone provided a warm and inviting environment for our 2010-11 students and parents. This event is held on all four ICTC campuses in Muskogee, Sallisaw, Stilwell and Tahlequah. Anesa Hooper was the district coordinator for this event.
